

Black Walnut

Black walnut is the one of the most valuable timber species in the United States. The beautiful chocolate colored wood is very easy to work with and has a satin finish.

The best quality walnut is made into veneer which is sliced into amazingly thin sheets between 1/36th and 1/100th of an inch. Veneer is then glued onto valuable furniture products.

Walnut is also made into solid furniture, flooring, and used for interior finish woodwork. The nut meats are valuable and the shells are used as abrasives.

Walnut Council Represents

- Woodland and Plantation Landowners
- Forestry and Agro-Forestry Managers
- Wood-Using Industry
- Consulting and Industrial Foresters
- University and Extension Foresters
- State and Federal Foresters
- Forestry Related Researchers
- Students and Youth Members
- Nut Processors and Growers
- International Forestry Interests

Promoting
Black Walnut
& Other Fine
Hardwoods

The Purpose

Founded in 1970, the Walnut Council is an international association representing nearly 1000 woodland owners, foresters, forest scientists and wood-producing industry representatives in 45 states and seven foreign countries.

The purpose of the Council is to assist in the technical transfer of forest research to field applications, help build and maintain better markets for wood products and nut crops,

and to promote sustainable forest management, conservation, reforestation, and utilization of American black walnut and other high quality fine hardwoods. The Walnut Council hosts an annual national meeting and has 12 state chapters who host regional meetings. The Walnut Council is a 501(c)(3), not for profit corporation.

Walnut Council Objectives

- To advance cultural practices and help transfer science and technology from the research community to actual field practice.
- To encourage good forest management and sustainability of existing timber.
- To encourage new plantings of black walnut and other fine hardwood species.
- To sponsor state chapters and other events of interest to tree growers.
- To assist foresters in keeping current with the latest research and industry information.

Benefits of Membership

- Subscriptions to the national Walnut Council Bulletin and state chapter newsletters
- Opportunities to attend the annual National Walnut Council meeting
- Opportunities to attend State Chapter field tours
- New member information packet

Membership Application

Annual membership dues includes national plus state chapter dues. National alone is \$40.

Illinois	\$50	Michigan	\$50
Indiana	\$50	Missouri	\$45
Iowa	\$50	Nebraska	\$50
Kansas	\$50	Ohio	\$50
Kentucky	\$50	Oregon	\$50
Maryland	\$45	Wisconsin	\$50

Optional Memberships:

Life Member	\$700
Supporting Member	\$100
Student Member	\$20
Voluntary Contribution	\$ _____
